Email 1: Requesting an Extension from a Professor.

Subject: Extension Request: Digital Literacy – Kushagra Goyal (25BCE11143)

Dear Professor Dr. Kannan Shanmugam,

I hope you're having a good week.

I'm writing to ask if I might have a short extension on the Digital Literacy assignment due this Sunday, March 31st. I've been dealing with a recent illness, and while I'm starting to feel better, it's set me back a bit. I want to make sure the work I turn in is actually up to your standards.

Would it be possible to push my deadline to April 2nd? I've already finished a good chunk of the project, and I'm happy to send over what I have so far if you'd like to see it.

Thanks for your time and for considering my request.

Best regards,

Kushagra Goyal
